

## External Hinged Protective Shrouds

### Description

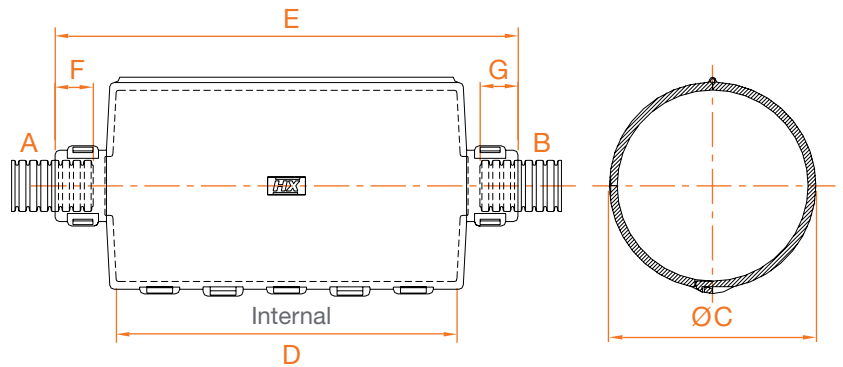

One-piece cover providing protection for in-line connectors, fuse links, circuit breakers and splicing areas.

The external hinged protective shrouds can be used as a harness datum, due to the integrated cable tie/fir tree facility.

The strong construction allows for the protection of delicate connections, or as an alternative when an interface/backshell isn't available.

These fittings are designed to snap together over all types of slit and unslit conduit, thus maintaining maximum conduit bore.

### Configurations and Dimensions

Part No.	Internal Diameter	Conduit Sizes (NC)		Conduit Sizes (NW)		Nominal Dimensions				
		A	B	A	B	C	D	E	F	G
